Certificate of Analysis

Product Name: Dried Hydrolysed Oat Extract

Ingredients: Oats & Water

Description: Made from the high quality oats, it provides the perfect addition for many beer styles.

Source: Australia

Usage: Suitable for beer brewing, saccharification, medicine, food, drink and within other industries

Batch number: 20240407

Manufacture Date: 07/04/2024

Physico-chemical

Parameter	Minimum	Maximum	Result	Outcome
Sense	N/A	N/A	Light yellow to brownish powder, without foreign impurities, with typical oat flavour.	<input checked="" type="checkbox"/>
Moisture (%)		≤ 4.0	2.02	<input checked="" type="checkbox"/>
PH (10% Solution)	4.5	6.5	5.22	<input checked="" type="checkbox"/>
EBC Color (10% Solution)	4.0	18.0	8.5	<input checked="" type="checkbox"/>
Ash (%)		≤ 2.7	1.18	<input checked="" type="checkbox"/>
Protein (% dry substance)		≥ 6.0	8.9	<input checked="" type="checkbox"/>

Microbiological

Test	Specification	Result	Outcome
Aerobic Plate Count (cfu/g)	≤ 15000	120	<input checked="" type="checkbox"/>
Mold and Yeast(cfu/g)	≤ 50	<10	<input checked="" type="checkbox"/>
Coliform (MPN/g)	Negative	Negative	<input checked="" type="checkbox"/>
Bacillus cereus (cfu/g)	≤ 1000	<100	<input checked="" type="checkbox"/>
Salmonella (/25g)	Negative	Negative	<input checked="" type="checkbox"/>
Mesophilic spore count (cfu/g)	N/A	60	<input checked="" type="checkbox"/>
Thermo-resistant mesophilic spore count (cfu/g)	N/A	20	<input checked="" type="checkbox"/>
